Dive into the uproarious comedy.

Mrs. Packletide's Tiger

Mrs. Packletide is super jealous of her rival, Loona Bimberton, who flew in an airplane. To outdo her, Mrs. Packletide decides to hunt a tiger in India. So, she sets off on a wild adventure to hunt a tiger.

Things don't exactly go as planned, and there's a bit of a mix-up with a goat. But, Mrs. Packletide is determined to make it look like she's a super brave and amazing hunter.

A close friend to Mrs Packletide knows what really happened, and they see a chance to get something they've always wanted. So, Mrs.

Packletide has to try and keep her secret, while also dealing with her rival and all the attention from her "amazing" tiger hunt.
